Next Stop: ADLER SQUARE

Dear passengers,

welcome to the new ADLER Square. Come on board, discover the world of surface technology and color design along our diverse color plan.

Take a look at the various stations and see for yourself ADLER's innovative strength, many new products, advanced technologies and environmentally friendly coating systems.

Our consultants will be happy to take you on a journey and convince you with competent color plan information.

We are looking forward to a colorful ride!

A must is a stop at the **BLUE CORNER** with NXT technology for a deep matt look without annoying glossing up on furniture.

But the **NATURE PARK** with the new wood oils Legno Smart & Legno Metallic for furniture and interior design is also worth a trip out of the ordinary.

Outdoor-Frecks get their money's worth from **WEST END** to **SAFE HARBOUR** and can marvel at the latest window, front door and facade coatings.
